22nd September 2023

Dear Parents/Carers,

Re: Census Day – Thursday 5th October 2023

Thursday 5th October is Autumn School Census Day. On this day we submit information about the school with particular attention on whether a child has a meal as part of the Universal Infant Free School Meal initiative (UIFSM).

UIFSM is the government initiative for all KEY stage 1 children (Reception to Year 2) to receive a free school meal. The funding we receive is dependent upon how many Key stage 1 and reception children eat a school meal on census day. For each child that eats a school meal on Census Day, the school will receive over £400 per child.

A special menu for this day has been created and we will also be running competitions such as the class with the highest number of children having a school meal, will receive a prize.

The Menu for the day will be a Pizza party! With choices being pepperoni, margherita or ham and pineapple, served with fries, corn on the cob or baked beans. Dessert will be assorted cupcakes.

We would like to encourage those children who would not normally have a school dinner to try one this Thursday

Kind regards

Mrs J King
Head teacher
